*"We had our differences, but when it came down to show our affection for each other, we were there to help and support each other. Know that I always loved you, and can not fully comprehend why you were taken away from us so soon, but then I know you are in a better place, no pain or suffering. My heart still feels empty, you left a big void in our hearts, we miss you a lot and wish you were here, things could be different. Rest in peace and know that we will always LOVE you and have you on our prayers. There are like so many things I would like to share with you, you need to visit sometime.*

*“ To my dearest mom I still can't believe it. I'm waiting to hear your voice. I'm waiting for you to call me and show up at my house so surprisingly. I'm waiting for you to walk out your room and kick me off your recliner. I have and Am reminiscing of all the time we spent. This is so hard to bear. God knows where I would be if I didn't have my kids. I feel so empty without you mom. I love you and I know your not hurting anymore. Solamente dios sabe porque hace lo que hace en el cielo. Until we meet again mom but for now I will be so miserable and empty without you*

“ I'll never forget the constant advise you gave me mom. The priceless memories we shared... The little things, shopping, lunch, picking up the kids from school, taking walks after dinner, even sharing a cigarette :( you getting mad at me when I took your last cigarette :( I'd give anything to have you back even if it was just one more day! You held my hand through my hardest times in life and now all I have are memories. I'll always remember your smile, your laugh, your crazy ways of doing things. I won't forget our last conversation, the last time we talked, the sound of your voice... 💔 I miss you so much mom!!!
