“ *Mary and Clifford have been patients in our dental practice for years. During this time I have witnessed what a special lady she was, especially with the years of loving care of Clifford. She always put his needs before her own, and worked so lovingly to take care of him. I saw her getting weary, but she still was determined to take care of him. She was a beautiful example to me of "in sickness and in health until death we do part." I will miss seeing and visiting with her. She was a very special woman and will be missed. I am so sorry for your loss. Linda Foster*

*Thank you Linda for the wonderful tribute. My Mother was one of a kind. Always caring for others, a true nurse in every sense. She took care of him long past the time she should have, however would not give in. She was a very strong and dedicated women. Thanks again!!
