Her determination and versatility reflected her belief in living life fully and pursuing what brought her purpose. She was also a passionate gamer, a hobby she embraced with enthusiasm and skill, enjoying both the challenge and the connection it brought.

Megan had a genuine love for people. She cherished her family deeply, maintained strong bonds with her friends, and made those around her feel seen, valued, and loved. “ Condolences to Megan's spouse, children and also her extended family. I know some of her cousins and her grandma from Lawrence Brothers IGA and The Old Washington Apartments living down the street from them years ago. She was always sweet and very friendly. Where does the time go and how do we manage to lose contact with old neighbors.

“ Kendall, Keegan, Heather, Dunner, Brittany, Ryder and so many that I apologize for not listing but that I love and are my family too, this loss has hurt deeply and I would never wish it in a million years on anyone. I was so glad just a couple weeks ago, that me and her were making plans to get together and was shocked to find out that she was gone. I have known her since before she was born and although I know this reality is hard for you all right now, she is not in pain anymore and there were so many to greet her, including Matt. Your family has seen so much loss and you know that I personally have seen so much loss as well, but if there is anything at all, that I can do, whether it is just listening, helping you all getting things together for the service, explaining how things work, coming up with ideas or just giving you all hugs, you all are my family and I am here for you and I love you all so very much. -Tanya Martinez-Johnson
