Tribute Wall

ME

“ It saddens me to hear of your passing, I will always remember the conversations, laughs and memories. So, one thing is for sure you were honest and no back stuff. You will be missed, and we will never forget you.

“ I'm still in shock, refuse to accept that you are gone... You turned out to be the friend anyone could ever want, you gave me advice that maybe at the time I didn't want to hear, but was the only advice I took and in the long stretch you were right... Taught me the value of a true friend gona be sad not to hear your voice Melyssa como te extraño mucho i wasn't ready for this... R.I.P. Raulo ❤️🙏🙏🙏

“ My dearest Melissa,

So saddened by your sudden passing. So many memories we've shared from our school days to our grown days. I know we lost touch but we always found our way back to each other. I will miss you girlie. You could always make me laugh! I always told you that you missed your calling, such a comedian. I will forever cherish our time together. Fly high Angel, don't forget to check in on me once in awhile, and know that we will see each other again. Love you much my friend.

ME

Was this a shock, we never lost touch and also had our laughs it might have not been we talked everyday but we always started where we left off. I will truly miss our conversations and you mostly, one thing I can say you were honest when you spoke and not afraid of even your own shadow, you gained your wings now it's time to fly high. I will see you again so watch out and thank you for wrapping our Christmas presents when we needed you.

“ Ohh my sister! I am glad we had a sister best friend relationship untill the end! We have so many great funny memories together when we where young :) Hmmm..were do I start :) Our favorite singer was Prince, our favorite cartoons were Racer X and Puff n stuff in elemetary. We couldn't wait to go to your house after school and watch cartoons. Oh yeah about elementary school that was a block away from your house we decided we were going to skip school :) untill dad cought us. He said he seen two small heads in your grandpa's car. So he took us back to school and I got paddled :) you didn;t because your grandpa went to the school and told the principle he was not going to paddle you :) so you got out of being paddled! You lucky girl :) oh my goodness and so much more memories sister. I will always cherish the great crazy memories! Like dad used to tell us (oh no there comes trouble:) I love you sister may you fly high with all the beautiful angles :)
