“ *Michelle*

*Imagine if I was given one moment, just a single slice of my past. I could hold it close forever, and that moment would always last. I'd put the moment in a safe, within my hearts abode. I could open it when I wanted, and only I would know the code.*

*I could choose a time of laughing, a time of happiness and fun. I could choose a time that tried me, through everything I've done.*

*I sat and thought about what moment, would always make me smile. One that would always push me, to walk that extra mile.*

*If I'm feeling sad and low, if I'm struggling with what to do. I can go and open my little safe, and watch my moment through.*

*There are moments I can think of, that would lift my spirits everytime. The moments when you picked me up, when the road was hard to climb.*

*For me to only pick one moment, to cherish, save and keep, Is proving really difficult, as I've gathered up a heap!*

*I've dug deep inside my heart, found the safe and looked inside, there was room for lots of moments, in fact hundreds if I tried.*

*I'm building my own little library, embedded in my heart, for all the moments spent with you, before you had to part.*

*I can open it up whenever I like, pick a moment and watch it through, My little library acts as a promise, I'll never ever forget you.*
