“ *My heart goes out to her two beautiful daughters. I remember spending time with Naomi when she was a baby. I got to pick her up and carry her in my arms. She had lots of hair and big brown beautiful eyes. I got to tickle her and hear her giggle. She grew up to be very beautiful and lovable. She was a great mother and she will be missed.*

“ *It made my heart sad to hear about Naomi. I met this sweet young lady when my sister was in patient at ENMMC. Naomi was pregnant at the time. She was the sweetest most compassionate person there. She tended to my sister, held her hand when she cried, and made us laugh on those dark days when my sister was too sick to talk.*

Thank you Naomi for touching our lives. For asking about me after my sister passed. And for hugging me every time you would see me after.

I know your babies and you're family will miss you immensely. Fly high in heaven my friend. And hug my sister Lydia for me when you see her. You were precious in our lives.

Rest In Peace.
