“ *Years ago Mr. Weed used to come in to my place of employment and I would make sure "I" was the one to help my "boyfriend" as I would call him and he would just giggle away! I didn't care how long it took to help him either. As far as I was concerned I could have sat and helped him all day long! He has always had a special place in my heart since then and I have thought about him often. He was such a wonderful, kind, respectful and "cute as heck" kind of man. I don't know what it was about my "boyfriend" Norris, but he always brought a warm sweet feeling to my heart that will always be there when I think of him. I will never forget him and I am so sorry for your loss. Please accept my condolences..*
