“ *Pops its been a year since you were taken from us. Plenty of people have moved on since then but me mom jenny and sara have not. Part of us died with you that day. We celebrated you in Ruidoso today at every one of your favorite fishing spots. Our hearts still bleed but we take comfort in knowing we will be back with you soon. Especially mom, she cant wait to be with you again and i know you feel the same. See you in the after life pops... love you.*

*Things have been hard lately dad. I need you more than ever. I wish I could just have a minute with you but I know it can't happen. I will never forget you and I want you to know Yunnecity asks about you all the time and always wants to listen to your Eagles greatest hits CD all the time. She calls it silly grandpa music and she is convinced it's you singing. We went to Carlsbad today and you are all I could think of. I love you dad, thinking about you always...*
