“ *Taco, I know this is late, like 3 yrs, but you know I was never on time for many things, I and Roman were so saddened over your passing, we were happy to have known you, Roman was glad to have been able to work for you, and to just hang out with you and your beautiful fur baby Taco Jr, Roman was proud of the work he and his teacher and mentor did on the upholstery of your old white truck, it came out nice, every time I look or drive the brown van , that I named Charlie Brown by the way, we both think of you, old friend you will never be forgotten and you are often in many conversations and we even laugh about something funny you said or did, rest easy our friend your watch on earth is over, but I hope it continues from above for your family and close friends, you are miss....*

Your friends Roman and Silvia.

“ We're so blessed we got to me meet you Tata Taco, and that we spent time with you laughing about all the things that your sons did as kids that they did not want us to know! Thank you for your kindness and open arms, my daughter will pass on her pink rifle to her daughter and tell her story about shooting cans with you to her kids. Thank you for making her feel so special bragging about her and how proud you were of her! Go in peace. We pray for your wife and sons for their peace as well. Love Isabelle and Aaliyah Dominguez
