When I was about 5 I got to spend the night with Uncle Randy and he let me ride my bike home while he followed me in the car and told he how fast I was it meant the world to me. No matter how long it had been since we have seen each other it was just like yesterday. I love you to the moon

*My Uncle Randy was the best! Always laughing and could be a bit of a rascal. One time when I was in high school I went to a party with some friends and he was there. He grabbed me, gave me a big hug and kiss on the cheek and then laughter and walked away. All my friends thought I was dating an "older" man and didn't believe me when I said he was my uncle. Randy and I laughed about that many times. His sense of humor and infectious smile would light up the room. I will forever miss him. Love you Randy.*

“*Uncle Randy is one of a kind. He always told me that when I was a baby I didn't know his name was Randy, I'd call him beer. He was More then a Uncle, more then a friend, more then a role model. Definitely the fun time wherever he was at. He would always lend a shoulder to cry on, helping hand to work on something or a listening ear. There wasnt a day that I didn't see a smile on his face ,and welcoming arms for a hug. He could give you the best advice and you wouldn't doubt that it was exactly what you needed to do. Any time he would enter a room you couldn't help but start smiling, just waiting to see what kinda jokes gonna be said to who. Anytime we went to his house you could count on popping a top on a cold Coors light or a Dr.pepper. He always said "mi casa es su casa". In all true meaning of the words he was truly a free bird. You will forever be carried in my heart. We were all his kids. I love you Uncle Randy always.*

You were truly one of the good ones. You will be missed more than I can explain. You will forever be in our hearts, we love you Uncle Randy!* ”
