“ You were the best grandpa I ever could have asked for, I wish we were able to spend more time with each other. I hate that it had already been so long, but I will cherish every memory I do have more than words could ever say. Your love was the purest and most unconditional and I am so grateful to have had the privilege of calling you my Gpa. I will miss you every day until my last and love you with all of my being. Until we meet again Gpa. Love forever,
