“ *I knew Chico from his days in Roswell,NM and he hung around with my brother "Fat Freddy" and he and Brenda looked after my aunt and uncle. Those were some wild days . We had a lot of fun. I've been sitting here in tears remebering the times we had and I got some good pictures of Chico somewhere. I didn't know he passed on and am very sad to hear of it. I loved Chico alot and had a lot of respect for him as the person he was. There was a crew of us that ran together. When My brother "Fats " died, my girlfriend asked Chico if what i said about the craziness that the rest of us did was true, Chico said "Well, they meant more harm than they did" Chico was a kind of sideline observer of the crew. I think he got a kick out of the things we were always up to. I think of Brenda and Chico a lot.*

“ Chico and I were friends together on Gull Lake about as far back as I remember. He and I were part of a "pack" that ran like dogs off the leash and I will always treasure the fun and mischief we got into together.

Scott and I had lost touch after high school and so I was shocked and delighted when I saw him coming up the sidewalk to my father's memorial service in Brainerd some years ago. He told me that he always respected my Dad and I think that is a measure of the man Scott truly was.
