“ *Shirley was a friendship begun when my family moved to Roswell from Texas in 1958. We went to school together and in the same neighborhood so it was very easy for us. Shirley and I even went to ENMU together for awhile; she later became a teacher and moved away. I went back to the Gulf Coast to become a nurse. My regret is that I missed our Thanksgiving visit by one day due to illness. She had already passed. Best wishes to James as I know this hurt. Jeanette, you have always been there for her. My love and best wishes to the family.*
