“ Silvio, today in 30 mins will mark 2 years since you had left us to became an angel. You were such a good person to me. You were my extra grandpa, my little monkey. I'm so sorry I wasn't there when you passed away, I wasn't told till weeks later. I love you soo much, and I know you loved my family so much. You were always there for the crazy life roller coaster, you watched me grow, you always spoiled me with ice cream and toys I've always wanted. You always took me to church and to eat right after that. You made sure you took me everywhere I needed to go. You bought me my first set of boots & belt. You were always there when I was sick and always made me the best potatoes I've ever tried. You were just somebody I loved. Someone who I counted on and showed me how life can be amazing when new people join in on the family. You were one of my grandpas Silvio, and I love you ❤️
(you and grandpo better not be acting like trouble makers up there)
