“ *I met Sandy about 9 years ago when I did some work for her. She has always been so interesting to talk to. She had so many interesting stories about her life and I was fascinated by her. Her love for the community and various organizations had been so inspiring to many of us. I will miss her and her lovely smile...*

“ *I met and worked with Sandy on a committee attempting to build a community center for our small mountain community. She was very committed to that effort and worked tirelessly. We were not successful but Sandy never gave up and always found reasons to be hopeful. I admired her energy, original ideas, and optimism. Many of us in Ruidoso will miss her.*
