“ *I remember Steve from CT also, and then Hobbs and Roswell... he had a heart of gold. He would do anything for anybody and somehow found satisfaction in making his life in Roswell. I kept in touch with him but not as much in the last years... I miss him. Rest In Peace my dear friend. Sherryl*

“ *Steve and I became friends when I moved to Simsbury CT at the start of High school. We remained friends till I moved away for college. I regret that we lost touch. I remember him as a smart caring person who was a crackerjack mechanic. He was always looking for a better way to do things from getting the best mileage out of his VW Bug, to changing the course of American policy in Vietnam. We will miss you Steve.
