“ Terri and I spent quite a bit of time together while we were attending the Catholic school together. I remember staying at her house quite often. They lived right by the river so for me, coming from the farm, was a real treat. We saw each other less as we moved to the high school but still remained friends. For her family I send my deepest sympathies. Sudden unexpected losses are difficult and painful. Prayers for peace for you all.

My deepest sympathies to the family of Terri Jo. We were childhood friends as well as sang together in choir. While we hadn't been in contact for many years, I cherish the memories camping, swimming in the river, playing on the same softball team, and just having fun being kids. Rest in peace, Terri Jo.
