“ *Shared many years with her and her family, they were like my own family. Made many wonderful memories and shared alot of good times together. I know the loss to the family is going to be enormous because the part she had in each of their lives is deep! She was a great mother to her kids and loved them, all the same. I knew her almost all my life and gratefull to have had the privilege! Her love for Jehovah was true from the heart! She no longer suffers, but is resting and waiting for the future, to have the opportunity to live again. She was like a mother to me, because she treated me like one of her own. I loved her red enchiladas. She will be truly missed, but remembered with great love and memories! Our deepest sorrow in this time, of loss to all the family!*
