“ *One of my greatest mentors for the Womens' Mission. May God bless you all.*

“ *When I first met and interacted with Ms. Vera she addressed me as 'That Boy', and for a short while that sort of bothered me. Then I realized she called her grandsons, and all males around her on a regular, 'Those Boys'. So, being one of Those Boys became a special thing to me. She was a special lady, and we will all certainly miss her laughter, and her warm humorous personality. We know she is in Heaven with our Father God, and knowing that, leaves a smile on my face, and warmth
In all our hearts.*
