“ It’s been over 17 years and still I miss my friend more than ever. I find myself holding on to the memories that I will forever cherish. God how I wish we would have made so many more. Myths kids ask me to tell them stories to help keep you alive in their hearts. Smiles come to my face one day I’ll let them know about that one New Year’s Eve, nothing will ever top that night. I miss you so much. Thank you for always looking over us ❤️

“ My prayers and love goes to her family. She was such a wonderful Angel here on earth. From the first time I met her 10 years ago she always made us feel so special. No matter where she worked she would always stop what she was doing to give us a hug. She always teased my husband that I had bags and bags of stuff in the back room that we needed him to pay for. She will always be in our hearts and we will deeply miss her. God, she is one of a kind and I know you have special plans for her there in heaven. Take good care of our girl till we all meet again. And Vickie hang on to all those bags Jim will someday pick them all up. We Love you , Jim and Margaret Patton

“ It's really hard to think of Vicky and not have a happy memory. She always had a smile on her face and a laugh that was contagious. Even when things weren't going her way she never seemed to let it get her down. I thank God that I was fortunate enough to get to live next door to her as long as I did, she made me laugh and helped me out when I needed it. She loved her children and family more than life itself and that was evident whenever she talked about them. I wanted to share a happy memory of vicky but to be honest all memories I have of vicky were happy ones. Ricky, Agnes and Bianca I am so sorry for your loss and the pain you all are going through, I wish there was something to say or do to ease it. I know that with Gods help you will all make it through this tough time. I love you all and I am here for you if you need me.

“ To the beloved family of Vickie My God bless you always and forever keep you in his heart. Vickie is now looking down upon you all and saying "Beloved family don't weep for me for I am in heaven with my wonderful father,the flowers are so colorful, the sky so blue, I am an angel now and we will keep a watchful eye upon all of you, see you when you come home".

“ I am extremely saddened to not have been able to be there for my sister and express my sympathy to her immediate family and also to thank her mother Agnes for raising such a beautiful and loving woman.

I first met my sister Vicki in 1998. I went to pick her up from the airport in Chicago. One of the first things she said to me was "sister, I'm so glad to meet you"and from then on every conversation we shared ended with her saying I Love You, take care and tell everyone else up there I said I love them too. That is the kind of person she was always thinking of everyone,but you all probably already know that. I wish we would have had more time together. I truly love my sister Vicki and I will miss her till we meet again.

“ God bless each and everyone! I thank God for blessing my life if only for a short time, by having Vickie in it. Gog bless and place a hedge of protection around Rickie Agnes and Bianca. Father God hold and take the sting of this tragedy away. Father God send your angels like you did for Peter, Paul, shadrach mesach and abendigo father, let them know in their midnite hour you are their comforter. . this is my prayer for the family. God Bless each of you and may he keep each of you in his arms. In the name of the Savior Jesus. amen . Ricky you are and have always made your mom so proud. continue to on your path, the angels will let your mom know. Agnes, i'm glad you are home and that you did spend time with your mom and know she always loved you and never gave up on you. Bianca baby you were a light in your moms eyes. stand strong and never for get that she loved you. Agnes Ricky Bianca put your hands in Gods Hands and he will take care of your sorrows, and God will bless you with peace in your heart and minds. with my love to you all Mike.S
