“ *Monica, Jessica and Carlos. God bless you during this difficult time of your life. I have always loved your mom and thought she was the coolest lady on the block. Give yourselves time to grieve her and heal as I know that there will be an empty space for a while as you miss her. She will always be near you and she will watch over you and your families as a guardian angel. I love you guys!!!*

“ *Ginny and I grew up together on Deming street. I have many fond memories of her and me growing up through high school even though we didn't attend the same High school we remained friends. She was so much fun to be with...super funny. I think we were closer than sisters. We used to cruise down main street with her baby girl Monica in the back seat... she loved it. I will always remember Ginny.*
