“ Although we haven't had a lot of opportunities to see each other over the years, I still have very fond memories of the times we were together at family gatherings. I remember you laughing all the time and just enjoying life.

You always cared about what was going on in my life and I will never forget that. I recently discovered that you were also a Spurs fan and we shared a favorite player in common. I'm sure watching them win the championship brought you the same joy it brought me. I will now think of you every time I watch the Spurs play. I will miss you but can find comfort and peace in knowing you are in a better place.

With love,
your nephew

“ *Dear Aunt Wilma*
I just wanted to say thanks for being there for me when I needed you most. I am speechless I never imagined that the last time I saw you would be the absolute last.
At least last time I saw you When I left we were both laughing.
Seems we did a lot of that when we were together. I think you know but just in case. I Love You Very Much and will miss you more than there are words to describe. My life is better for having you in my family. And now the hole in it can never be filled with someone as wonderful to me as you were. My loss is Heavens gain. As long as I breath you will never be forgotten.
All my Love
Your Nephew Robert.
